### SMILING FACES . . .

are not all they seem. They are often a mask, not unlike the various covers on the faces of trick 'n treaters who will be out Monday night in numbers if not in mass.

Modern Hallowe'en is a long way from its origins.

Hallowe'en is the evening of October 31, to be sure. It is the vigil of All Saints' Day. In more archaic meaning, it derives from Hallowmass, the feast of All-hallows or All Saints' Day, which likely goes back into the ancient Christian church.

It even stems then from hallow, which is to make a holy.

Well, holy moly, what passes for Hallowe'en masses these days is a steady line of waist-high waifs knocking on doors and holding hands out for handouts. It's great fun, carefully engineered and staked out, complete with porch lights burning, lanterns in windows and spooky displays at some houses.

It's a lot of candy, cookies and bubblegum to the walking kraft-paper bag kids. I've always wondered if they eat all that stuff.

It's difficult to find real pumpkin lanterns, because all those seeds get in the way. Lots of people buy lanterns the same place the kids get their masks and cos-

tumes.

In recent years, the routine is so pat and so cute, the trick 'n treaters would be caught short if no treats were measured out at each stop. There may be a dearth of tricks.

It wasn't that easy some years ago. The place might never be the same if the treats failed to appear or didn't suit. One trick used to be dangling lightbulbs on strings stuck in front screen doors.

When the door bell was answered, the bulbs dropped and popped, usually starting a brief dance in the doorway.

Everybody has heard of the upside-down outhouse routine, walking cows up on top of buildings, soaping windows and similar Hallowe'en stuff.

That's all been regimented. Hallowe'eners are younger, escorted and take more goodies home.

Cameron is fortunate in all that. Innocent Hallowe'en stuff is gone. It has moved to the cities, where it is serious Hallowe'en every night with tricks and treats.

That's why things like Operation Identification are underway in the off-Hallowe'en Season. Even in Cameron.

And it is safer Hallowe'en night here than 364 nights in lots of places in town and country.

BOO! The Yoe senior class displays some funny masks at Friday's pep rally in keeping

with the Halloween season. They were hand-made out of paper sacks.

## Flight Ends For Mayor

An attempt to flycross-country from California to Florida by Buckholts Mayor Richard Crowe ended early Thursday morning when he landed his plane at the Temple airport after the plane's oil pressure dropped.

Crowe had completed about half of his 2,200 mile trip from San Diego to St. Augustine when the oil pressure dropped sharply as he neared Brownwood.

He followed the highways from Brownwood to Temple after cutting his power back, and was prepared to land the plane on a level stretch of highway if the engine had died.

Crowe landed at the Temple airport about 6:30 a.m. Thursday with no oil pressure showing on his plane's gauges. After landing, he was unable to restart the plane's engine. It had to be pushed off the runway.

He has a mechanic checking the engine to find the trouble, and said if he does attempt to make the flight again, it would not be until next spring.

He spent four years preparing for the flight, going through four planes. He had settled on a 21-year-old Piper P18, and if the flight had been successful, it would have been the first by a small plane along the San Diego-St. Augustine route.

Before landing, Crowe had flown for 18 consecutive hours after leaving California Wednesday.

The Buckholts Lions Club will collect about \$1000 from a fly-athon it sponsored in connection with Crowe's flight. The money will be used to retire a debt on the town's fire truck. Citizens pledged one cent or more for each mile Crowe flew.

## Holiday Bazaar On Mall To Follow Parade

Friends of the Cameron Public Library will sponsor a Christmas bazaar on the city mall Saturday, Dec. 3, following the annual Chamber of Commerce Christmas parade.

The bazaar will feature handcrafted holiday decorating and gift items, food and live entertainment from 10:30 a.m. until 8 p.m.

Mrs. Perry Holder, chairman of the Christmas bazaar, said spaces at the mall will rent for \$5. "We think it is a good way to open the Christmas shopping season and an extension of the parade to keep shoppers in town throughout the day."

She also noted that it will be a chance for talented craftsmen and clubs to earn money and display their crafts at a central point.

A feature of the bazaar will be a Beautiful Baby Contest scheduled for 3:30 p.m. Other entertainment will be local and out of town music groups, the Yoe High band and quartet singing.

Information about booth rental is available by contacting Mrs. J. R. Bush at 697-2551 or Mrs. Mary Buck at 697-2344.

Other bazaar chairmen named are L. W. Stroup, merchant promotion, and Mrs. Dan McDaniel, baby contest.

HORRORS! Ada Henderson teachers display imagination in their dressing up Friday for Halloween. It was in all good fun and made a hit with the kids.

## Milam-Areans

### Handle Daunts CB'er

A McGregor girl with the CB handle of "Picapuff" pull off the highway with car trouble, and tried to raise the "local Smokey" on her CB. She got a reply from "The Maniac," who said he'd be right over. Really, he was very nice and everything turned out all right. But that handle was a little much, even for a modern girl.

### Assault Nets Arrest

A 38-year-old Lorena man was arrested Wednesday at his home and charged in connection with the Monday night assault of Lorena band director Jim Tountas during rehearsal on the high school field. The man was angry because his daughter was told Monday that she would not march in an upcoming contest.

### Mayor Available

Rosebud Mayor Lee Ray McAtee is starting a new service to citizens -- he announced he will be available in his office at city hall each Wednesday morning from 10 a.m. until noon to talk over matters citizens wish to discuss with him at this time.

### Aliens In Jail

Two illegal aliens are in the Burleson County jail in lieu of bond, charged with burglary of a Somerville residence. Reportedly in the pre-dawn hours of Oct. 19, the two aliens entered the home shared by widow sisters and when discovered fled with purses of both women, one containing a large amount of cash.

### Lights Out Ditches Car

Driving at night with you headlights out may be a good way to shake the heat, but it's also a good way to drive into a ditch. That's what happened to three teenagers from Temple who were being chased for breaking into Moravian Hall near Theon and stealing 23-1/2 cases of beer. They managed to elude law officers but got caught when they ran into a ditch in Bartlett.

### Election Challenged

A contest, challenging the validity of the election which approved the creation of the Burleson County Hospital District by a narrow 19 votes, was filed last Friday in district court. The election contest claims five items contributed to the opinion that a greater number than 19 votes were illegal under various provisions of the election code.

## United Way Helps Boy Scouts

(Another in a series of agencies aided by Cameron's United Way.)

Cameron has over 65 boys active in Boy Scouting, with 50 in Cub Pack 713 and about 20 in Troop 752. James Camp is Cubmaster and Mike Trdy and Greg Sheguit are Scoutmasters.

The Cub Pack includes six dens and one Webelos group, with boys joining Cubs when they are in the third grade or 8 years of age. They move up to Webelos, then are eligible to join a Boy Scout troop.

Ernest Moore is the leader for the Webelos, and den mothers are Mrs. Bobby Scott, Mrs. James Camp, Dorothy Colbert, Glenda Pratt, Charlotte Rogers and Diane Beaseley. Dens meet each week and there is a pack meeting once a month.

The Noon Lions sponsor Pack 713, paying the boys' registration fees, and the United Way funds and the Lions help pay

expenses for the boys' activities.

Camp has plans to have a "very active" pack this year, and plans to activate a Scouting committee. This will be made up of fathers who have boys in Scouting. Camp's assistant is Mrs. C. M. Green Jr., and he is also assisted by the council Scout executive, Ben Campbell of Temple, who visits twice a month in Cameron with Scout leaders.

Boy Scout Troop 752 meets weekly on Tuesdays at the Knights of Columbus Hall, and is sponsored by the KC. The troop has a project of renovating and repairing the Scout House in Ledbetter Park, concentrating on kitchen and restroom repairs.

They will be holding their meetings in the KC Hall until work is completed on the Scout House then will meet there.

United Way funds also go to help support two camps for Scouts--Camp Tahuaya near Belton, which is used for all year-round camp-

ing activities, and Camp Jim Braley located between Waco and Marlin which serves as a training ground for adult workers and also is used for camping in the summer time.

Cub Scouts are encouraged to use camping facilities for all day camping experiences, along with overnight camping. Boy Scouts are able to maintain a troop camp for a week or more.

Scout programs teach the boys to be self-sustaining, with dues and money-raising projects supplying funds for troop activities, such as campouts, the Jamboree held every three or four years, and canoeing trips in Maine, Minnesota, Tennessee, Kentucky and New Mexico.

Unfortunately, the Girl Scout program is not active in Cameron this year. Last year two Girl Scout troops were active, but there is no program this year due to the lack of leaders and individuals willing to serve on a neighborhood committee.

## Traffic Mishap Injures Tot

A three-year-old Dallas girl was slightly injured in a collision around 2:15 Wednesday three miles south of Cameron on Highway 36.

According to investigating DPS Trooper Don Wardlow, a car driven by Garvin Babbitt of Iowa was attempting a left turn into a private drive when it was struck in the rear by a car driven by David Ford of Dallas.

Ford's daughter Buffie was taken to a Cameron hospital and treated for a pump on the head.

### Firemen Answer Calls

Volunteer firemen answered three calls Thursday, one to a dryer on fire at 3:15 at 1300 N. Crockett at the R. B. McCurdy residence; a trash fire on north US 77 at 4 p.m. and at midnight to a grassfire on the right of way near the VFW Hall.

### Guilty Verdict Returned

Joseph Stanley Faulder of Canada was found guilty of murder Wednesday in Gladewater in the death of Mrs. Inez Phillips, 79, who was stabbed in a July 1975 robbery of her home in Gladewater. Mrs. Phillips was the former Inez Scarborough of Cameron.

## Where's That Tom-Tom?

Your Herald re-extends its invitation to that tribe of Raindancers from Oklahoma to return to Cen-Texas for a redance of the drought of the mid-50s and mid-60s.

That is to say their talents are once again needed to turn heaven's spigots down and on.

The weatherman isn't doing any good. People in the White House and Capitol Hill have, perish the thought, failed to produce anything but oceans of paper . . . and talk.

We are back to those peo-

ple who wore out their moc-casins bidding a dew of major proportions for dried-out reasons. The rain last weekend was heavy, important, necessary, but not enough.

We might initiate a fund drive to finance a study which would explain the lack of rain. By the time we read it, the rains would come.

We haven't been to a rain dance in years, but, you know, every once in a while a good prance around the totem never hurt anything.

Where is that old tom-tom?

## Polo And Barbecue.

It may have been the patronizing remark of the week.

Great Britain's Prince Charles was visiting the Armstrong Ranch in South Texas, displaying his savvy about cattle and horses. The Prince is an excellent horseman and plays polo. He demonstrated his polo prowess for newsmen and cameramen.

Anne Armstrong, former ambassador to the Court of St. James (American ambassador to Great Britain), and her husband, Tobin, hosted the next King of England.

But Mrs. Armstrong may

have been a bit exuberant about Prince Charles' insights on livestock:

Said she: "He really knows his livestock. Tobin has been so occupied preparing for the prince's visit that he hadn't had time to have the cattle sprayed and the prince noticed the flies on the cattle's shoulders."

Prince Charles went on to play the match of polo after the newsmen left. The outcome went unannounced.

Things ended on a more normal note, however, when the Armstrongs served the Prince and other guests a Texas-styled barbecue.

### NATIONAL HEALTH INSURANCE COMING

Rep. George Miller (Calif.) . . . While we await President Carter's expected proposal for a national health plan it is imperative that we read all the available information on this important subject. I direct attention of my colleagues to this article on the current status of a national health care system."

### NATIONAL MEDICAL PLAN -- ITS TIME MAY BE HERE

By Paul E. Steiger  
Washington, -- By next year, according to projections by the Congressional Budget Office, 18 million persons, or 8 percent of the population, still will have no coverage at all under private or government programs. Another 74 million, or 34 percent, will have coverage that is inadequate for some significant contingency; major surgery, a prolonged hospital stay, long term nursing care.

President Carter has proclaimed firm support for a "comprehensive" national health insurance program.

"Teddy Roosevelt was right," said Max W. Fine, executive director of the Committee for National Health Insurance, a lobbying group financed by all four major labor organizations: the AFL-CIO, the Teamsters, the UAW,

and the United Mine Workers. "The White House is the bully pulpit. You never get any social legislation that is worth a darn without the active participation of the President. And this time we're going to get that participation."

(Carter) has promised to submit a proposal to Congress by early next year, and according to Department of Health, Education and Welfare officials working feverishly to develop options for him to consider, the target is a lot closer to January than May.

At the same time, Carter has set up an Advisory Committee on National Health Insurance Issues composed of physicians, hospital officials, insurance specialists and other to obtain testimony and cull research on advantages and disadvantages of various types of plans.

The committees has held hearings in Los Angeles and San Francisco and will hold another one soon in San Antonio. Sessions elsewhere in the country will follow.

### CRUMP'S GRASS ROOTS COMMENT

Taxpayers can hope that any Health Plan will have safeguards to curb the appalling amount of fraud associated with the Medicare and Medicaid programs.

# Pre-Trial Detention: Bail Or Jail

By Caleb Foote

Editor's Note: This is the 11th in a series of 15 articles exploring "Crime and Justice in America." In this article, Caleb Foote, Professor of Law and Criminology in the Law School at the University of California, Berkeley, discusses the inequities in our system of pre-trial detention. This series was written for COURSES BY NEWSPAPER, a program developed by University Extension, University of California, San Diego, and funded by a grant from the National Endowment for the Humanities. Supplemental funding for this course was provided by the Center for Studies of Crime and Delinquency, National Institute of Mental Health.

Copyright 1977 by the Regents of the University of California.

To an accused person spending many weeks or even months in jail awaiting trial, the doctrine that an accused is innocent until proven guilty seems a mockery. The accused is, in effect, being punished before conviction.

But if released from custody, the accused may escape justice by running away, compromise the trial process by intimidating witnesses or commit a crime before being brought to trial.

The failure to guarantee to all citizens, regardless of race or economic circumstances, due process and equal protection under the law constitutes one of the most pervasive denials of equal rights in the entire judicial system.

What to do with the accused until trial has plagued every system of criminal justice at least since Plato wrote about the problem more than 2,000 years ago. The traditional Anglo-American response to this dilemma is the bail system, which uses financial incentives to deter flight.

The accused can be conditionally released upon the deposit of financial security to back up his promise to show up in court or trial; if he fails to appear, the security is forfeited. The amount required to be posted is set by a judge at the accused's first appearance in court following his arrest and is supposed to be determined after consideration of such factors as the seriousness of the crime charged, the accused's prior record and the strength of his ties to the community.

### FREEDOM BEFORE CONVICTION

In all except death penalty cases, this right to bail pending trial is guaranteed by federal law and almost all state constitutions. "This traditional right to freedom before conviction," the Supreme Courts said in 1951, "permits the unhampered preparation of a defense and serves to prevent the infliction of punishment prior to conviction. Unless this right to bail before trial is preserved, the presumption of innocence, secured only after centuries of struggle, would lose its meaning."

It is important to recognize, however, that the "traditional right" is merely that of having a judge set the amount of bail which is required in a particular case to secure pre-trial freedom.

While the amount, according to the Constitution, cannot be "excessive," courts have held that the amount "usually fixed" for the offense charged meets this requirement. If the defendant cannot afford that amount, he stays in jail.

Ordinarily, the amount of bail ranges from \$1,000 to \$25,000 although in some cases bail has been set as high as one million dollars. As most defendants do not have such assets, a bonding system has developed whereby a defendant can purchase the required security from a licensed bondsman for a premium -- usually around 10 percent of the required bond.

Thus, if bail is set at \$5,000, a defendant can pay a bile bondsman \$500, which is not refundable, and the bondsman will post the \$5,000 bond in the defendant's behalf. As the bondsman is liable to lose the \$5,000 if the defendant disappears, he frequently protects himself by demanding some collateral, and many people do not have sufficient collateral.

In any event, a bondsman is

not required to put up bond for anyone and will only do so if he regards the defendant as a good risk. The result is that many defendants find themselves unable to obtain a bond.

### EQUAL JUSTICE?

This system may have worked tolerably well when there was little concern for the rights of slaves or paupers, and when such protections of the Bill of Rights as the right to counsel or bail depended upon the ability of the defendant to pay for them.

The perpetuation of such economic discrimination is incongruous, however, in a society that has abolished slavery and proclaims "equal justice under law" as its ideal.

Such discrimination has been recognized and at least ameliorated in connection with other civil rights; thus the state must supply counsel and the means for appeal to a defendant even if he cannot pay for them. But a right to pre-trial liberty remains a dead letter as far as most poor persons are concerned.

Furthermore, intensive studies my students and I conducted during the 1950s show that persons detained because of inability to post bail receive more severe sentences if found guilty. Likewise in many cases, as the Supreme Court has implicitly recognized, it is hard to defend oneself against conviction when behind bars.

Moreover, American jails used to detain persons accused of crime are overcrowded, unsanitary and unsafe. Ironically, a detained defendant who is found guilty and sentenced to imprisonment will usually be transferred to an institution where living conditions are far better than those in jail -- where one is entitled to the presumption of innocence.

The criminal system, from the Supreme Court down to public defenders, has taken no effective action to remedy these manifest infringements of due process, equal protection, and unconstitutional punishment.

### OWN RECOGNIZANCE

A short-lived concern with the impact of poverty upon the fairness of the criminal justice system during the sixties resulted in the development of pre-trial release procedures which eliminate or minimize financial security.

The most common is "release on own recognizance," or "OR". According to procedures employed in Federal courts and in many cities, a superficial social history of the accused is compiled soon after arrest. If the defendant is deemed to be a good risk, the judge is authorized -- but not required -- to grant OR release instead of demanding bail.

This reform has had only slight impact on the discrimination problem. It has not improved conditions in jails, and probably most of the limited number of defendants who have been released on OR could have afforded bail.

Perhaps the net impact of OR has been to intensify the discriminatory effect of poverty, for poor people now come into court under a double handicap: not only do they suffer the prejudice that results from poverty in the disposition of their cases, but they are now often considered "unreliable" as well. Consciously or unconsciously, judges, juries and counsel may reason that if they had been worth anything they would have been released on OR.

### PROTECTING SOCIETY

Several reasons account for this failure of OR and related reforms to resolve discrimination against the poor in pre-trial detention. Most important is the judicial response to public demands for protection against crimes committed by defendants on pre-trial release. Although in theory the law is clear that risk of flight is the only relevant criterion for bail setting, judges usually demand high bail whenever they perceive the slightest risk of crime to the public.

To date, we have not developed any scientific techniques for predicting future criminality that do not involve gross errors of overprediction. But despite its illegality and its simplistically erroneous assumptions, preventive detention is not only tolerated but often demanded. For example, in New York City in 1976 a black judge who followed the law in generously granted OR re-

leases was severely criticized; the pressure exerted by newspapers, police and prosecutors resulted in his transfer to a civil court.

Thus the great majority who are not dangerous are detained because they cannot be distinguished from the minority who are. The media aggravates this misuse of detention by systematically publicizing escapes or crimes by OR defendants, while ignoring both those on OR who do not commit crimes, and the systematic discrimination against those who, although "safe," have been denied OR and are unnecessarily locked up.

Below the surface is another pervasive force operating to prevent effective reform. The administration of criminal justice in America is like a bargain basement, viable only if 80 to 90 percent of all defendants plead guilty.

Plea bargaining is the heart of the system and, rightly or wrong-

ly, it is believed that if most or all poor defendants were released pending trial instead of being jailed the rate of guilty pleas would drop, the courts would then be unable to handle the increased volume of trials, and chaos would be the result.

This probably explains, if it does not justify, the otherwise incredible failure of the Supreme Court, courts in general and lawyers to do anything about what has become the most pervasive denial of equal justice in the entire criminal justice system.

The views expressed in COURSES BY NEWSPAPER are those of the authors only and do not necessarily reflect those of the University of California, the funding agencies, or the participating newspapers and colleges.

NEXT WEEK: Alan Dershowitz, Professor of Law at Harvard University, discusses plea bargaining and sentencing.

## LOOKING BACK

In The Herald Of . . .

OCTOBER 31, 1901

Locals - Less than two months until the holidays. Quite a number of divorce cases were up in the district court this week. It is probable that we will have an early and severe winter. Some winter weather this week, necessitating fires and the use of overcoats.

Yesterday Constable Giles C. Avriett received a phone message from the Sheriff at Crockett to look out for Kelley Willis, a 16-year-old boy who had run away from home and his father was hunting him. About 10 minutes after receiving the message Constable Avriett had captured the boy. His father Mr. Willis was notified and got to Milano. Not being able to catch a train for several hours Mr. Willis took a tie ticket and walked to Cameron from Milano carrying his grip. He got the boy and took him back home and Kelley was glad enough to go. He had enough of wandering.

H. H. Steadman, Ed F. English and Ben Cammer took their guns and dogs and went to Ben Arnold this morning on a hunt in that neighborhood.

F. A. Black the saloonist advertised Schlitz beer "good cheer" at 12-1/2 cents a bottle or \$12.50 the case. Other ads promised cures for malaria, dyspepsia and indigestion, and piles. Another ad stated "Don't scald the bed. Twenty-five cents bottle of British Bed Bug Poison will do the work."

OCTOBER 26, 1939

The Community Chest sponsored the Cameron Welfare Board, Child Welfare Fund, Ada Henderson School milk fund, Nursery School, Emergency Hospitalization Fund, Boy Scouts and Girl Scouts. Budget for 1939-40 was \$4,000.

According to R. A. Tag, official weather observer for Cameron, the city received a total of 1.29 inches of rainfall Tuesday night. This is the largest rainfall since early summer and breaks a severe drought in this section.

Personal mention - Mr. and Mrs. Leo Hollas and Mrs. Frank Hollas spent Sunday in Edna, where they were guests of Mr. and Mrs. Elmer Sheblak. Mrs. Bob Foster and Miss Virginia Hale of Rockdale were recent visitors here in the home of Mrs. Foster's parents, Mr. and Mrs. Fred W. Dierr. Mrs. Foster is the former Miss Helen Dierr of Cameron and has many friends who always welcome her return visits.

When Cameron resumes conference play on Friday night against the Taylor Ducks, the team will go into play with a number of important changes in the lineup. When Coach Wood found he could no longer tolerate infraction of training rules, four men were dismissed from the squad. The only known definite assignment to plug up holes left by the loss of these men is the nod given to Charlie Kunz. He is one of the best fighters on the team and in practice this week he was literally burning up the dirt, giving his team and his coach the kind of consolation they need at a time when first stringers are lost to the squad.

OCTOBER 25, 1956

The Elm Creek Flood Control project will have "reached the head of the creek" with the sixth weekly meeting scheduled this evening, said Buster Griffin, temporary chairman.

In the National FFA poultry contest, the team of Stanley Joe Glaser, son of Mr. and Mrs. Joe Glaser; James Edward Glaser, son of Mr. and Mrs. Willie Glaser and James Edward Senkel of Buckholts became a "team in eight of the forty-eight" in Kansas City. The Texas state poultry winners of Buckholts left for KC by car and returned a week later tired but happy.

A Beauty Clinic was held at the Kyle Hotel on Sunday with Lelia Rogers, Fay Kohutek and Loraine Arnold in audience. The Fall style, report the Cameron hair stylists is the "Bouffant" and they add "It's the length and not the width with the brush wave."

## Milano News

By Jeanne Williams

Milano Future Homemakers of America members held their freshman initiation ceremony Thursday night at a chili supper. Special guests for the evening were the FHA members' fathers.

During the candlelight ceremony, Pamela Kornegay, Gala Jo Wilson, Gloria Paniagua, Janie Castaneda, Rhonda Jones, Lisa Blackmon, Terri Garrison, Debbie Westbrook and Peggy Gunnels were sold to FHA Big Sisters.

Also during the program Bobbie Smith, Joyce Garrison and Sara Myers presented skits entitled "Father Learns To Love", and "Two Extreme Housewives." Darlene Jackson and Patty Bullock presented special music. Roddy Jack German presented a special song that he had composed entitled "It's Hard Being Fifteen", in honor of his daughter Tammy German.

Mr. and Mrs. Pat Yakesch were guests of Donna and Jimmy Horton, Saturday night. Donna served Mexican food and afterwards their daughter Deanna returned home with Mr. and Mrs. Yakesch.

Mrs. Lewis Rush is a patient in a Houston hospital.

Mr. and Mrs. Jim Swanzy visited with Mrs. W. A. Jackson and other friends and relatives in the Manor Oaks Nursing Home in Rockdale.

## Retired Teachers Set Meeting

The Milam County Retired Teachers Association will meet Wednesday, Nov. 2 at 2 p.m. at the B&PW clubhouse.

## Lutheran Women Meet For Project Workday

The American Lutheran Women of Hope Lutheran Church of Buckholts met recently in the fellowship hall for a project workday. A pot-luck stew was enjoyed for the noon meal.

Items for Clifton Sunset Homes were gathered and were taken to Clifton by Mrs. Monroe Spinn.

Blankets for Lutheran World Relief were made and mailed along with several boxes of clothing. Clothing was also sent to Goodwill Industries, Buckholts School Clothes Closet, and a family box was packed for a needy family in the area.

The workday under the leadership of Mrs. Alvin Fuchs, secretary for stewardship, also announced the annual Thanksgiving service would be Nov. 20.

New officers elected last week are Mrs. Milton Wright, vice president; Mrs. L. N. Ezzell, secretary; and Mrs. Stanley Glaser, secretary for stewardship. Other officers are Mrs. Bob Persky, president; Mrs. Elton Ramthun, treasurer and Mrs. Charlie Trepow, secretary for education.

A workshop for all the officers is slated for Nov. 5 at Crawford. Mrs. W. E. Beckhusen, who is a Waco Conference officer, will be leading the secretary for education section of the workshop.

## Book Review Presented To Calvert Womens Club

"The Grass Grows Greener Over The Septic Tank", a book by Erma Bombeck, was presented by Mrs. Cain from Houston, as a hilarious program for the Calvert Womens Club during their October meeting in the home of Mrs. Kim Gray. ## Local Church Women United Will Celebrate World Community Day

Church Women United in Cameron will celebrate World Community Day on Friday, November 4 at 2 p.m. at the Mt. Zion Baptist Church on North Washington in Cameron.

Speaker for the afternoon will be Mrs. William Sullivan of Killean, Texas vice president of Church Women United.

The origin of World Community Day can be traced to the week of Pearl Harbor when the constituting convention of the United Council of Church Women met in Atlantic City.

"As the nations were flying

apart, the women were coming together," said Amy Welcher who became the first president of the interdenominational Council which was the forerunner of Church Women United.

One of the first acts of this newly formed Council was to inaugurate a day of peace in 1942. The next year this observance became known as World Community Day and was concerned with the price of an enduring peace.

Every year since then, World Community Day has been celebrated by Church Women United on the first Friday in November. Each year a specific issue is chosen to emphasize corporate action for justice and peace.

The theme for this year's World Community Day, "Heart Change - Global Change," focuses on reaching out with changed hearts to the unfree people throughout the community, throughout the nation, throughout the world by striving for unity and world peace.

World Community Day is more than just one day of special emphasis for Church Women United. Through a series of Bible Study sessions and workshops, women in local communities will concentrate on reaching some consensus on the meaning of justice.

They will deal with such issues as unfair housing practices, unequal educational opportunities, voter registration, employment discrimination and cutbacks in needed services such as child care for working mothers. In the context of international concerns, they will study issues of inequity such as sex discrimination, exploitation of cheap labor, population control and world hun-

# Eager Yoemen Defeat Hearne Eagles 24-7

Story and photo

by Mike Peck

Once again the Cameron Yoemen just went out and did what they do best Friday night, they won, defeating the Hearne Eagles 24-7 in their fifth district outing of the season.

The Yoemen offense, sparked by the running of #32 tailback Dean Lewis, marked the scoreboard first, in the final minute of the opening stanza. Yoemen John Schmidt pounced on a loose Hearne football deep in Eagle territory to give the Yoemen their first good field position of the night, setting up shop on the Eagles 26 yardline. From that point on it was Dean Lewis all the way, as Lewis carried the ball five times, reaching paydirt on a one yard scamper that tallied the Yoemen their first six points. Timmy Matthews' extra point try was straight and true and the Yoemen were out in front 7-0.

A hungry Yoe offense just couldn't settle for one mark in the first half, so they decided to make it two. With 6:11 left in the half, the Yoemen offense set up on their own 28 yardline. Six plays and 46 yards later the Yoemen drive stalled on the Eagle 26, as they faced a crucial fourth down and four situation. This time the Yoemen called on Timmy Matthews, who trotted onto the field, booting a 36 yard field goal that split the uprisings to give the Yoemen three, boosting their lead to 10-0.

There was just 3:30 left in the half when the Eagles tallied their lone score of the night. Alonzo Gurode was the Eagle that made that score possible, receiving a Yoemen kickoff on the Eagle 8

yard line, and taking the pigskin on a 92 yard sprint to paydirt. Eagle Paul Moore added the extra point and the Eagles were back in the ballgame, narrowing the Yoemen lead to three, and closing out the scoring for the half.

The second half proved to be all Yoe, as the Yoe offense struck twice, while a staunch Yoe defense held the Hearne Eagles scoreless in the final 24 minutes of play.

Yoemen #88 Peter Riola set up the next Yoe score, recovering the pigskin on the Hearne 15, after a falling Yoemen punt struck its intended reciever, then fell to the ground. With 10:05 left in the third period of play, the Yoemen called on tailback Lewis to do the honors, and on first down and 10 Lewis scampered 15 yards untouched into the endzone for six points. Timmy Matthews again added the extra point kick and the Yoemen were once again comfortably out in front of the Hearne Eagles this time 17-7.

"Let's see it one more time" was the Yoemen call as they added one more score to wrap up the victory. This time a 71 yard 10 play drive, ended with Yoemen #22 David Rosemond inching his way into the endzone, as the final three seconds of the game ticked away. With no time showing on the scoreboard clock, Yoemen Matthews added the final point and the Yoemen had secured another district win.

The win moves the Yoemens' season record to 5-3, while their district record jumps to a respectable 4-1.

Leading the dauntless Yoe defense were #88 Peter Riola, #25

John Schmidt, and #65 Stephen Hollas, all turning in fine performances for the night.

Dean Lewis was the spark that set the flame in the Yoe Offense, as he (Lewis) tallied 188 yards in 39 carries, and had two touchdowns to his credit. David Rosemond had one touchdown to his credit, and Timmy Matthews rounds out the list of offensive stars for the night, adding one field goal and three extra points to the Yoemen cause.

YOE DEFENDERS #44 Nathaniel Whitfield, #76 Jimmy Zalesky, and #25 John Schmidt converge on Eagle #16 Jesus Garcia as Yoemen #65 Stephen Hollas makes the tackle. The Yoe defense held the Eagles to 110 yards total offense for the night.

## Mopeds Are Latest U.S. 'Wheels' Craze

Mopeds are the latest in U.S. "wheels," reports Claudia Kerbel, consumer information specialist with the Texas Agricultural Extension Service. The moped is a motorized, pedaled bicycle.

This newest mode of transportation won't go fast; in Texas, you cannot buy a moped that will go faster than 20 mph. But they will get 150-200 miles per gallon (of gas/oil mixture).

Mopeds are especially popular

with commuters and shoppers who need to travel no further than ten miles.

If you can ride a bicycle, you can master a moped, the specialist says. They are easy to ride with no gears to shift and no clutch to operate. On some models the pedals help going uphill; on most models, the pedals help to start the engine.

Vehicle registration is required on mopeds, but insurance is not. A written test only is required for a driver's license. Although a helmet is not required, some kind of protective headgear is a good idea.

To make you moped more convenient, a basket or rack can be added for carrying small luggage. A lock on the front wheel will help protect against theft. Test drive mopeds. Check them out on hills and see which one handles best, and if you will mind having to pedal.

Check the noise level. Most models are fairly quiet, but some can be noisy. Also, consider buying a model with a reserve tank if you will be going distances close to the range of the fuel tank.

## CARD OF THANKS

We would like to convey our appreciation for your prayers, cards, food, and personal expressions of concern and thoughtfulness shown us during our recent period of great sadness at the loss of our dear husband and precious Daddy, Lloyd Ferguson.

We want to especially thank Bro. Joe Dan Franklin for his visits and prayers, also Phillips and Luckeys for every act of kindness shown us; and also each of the pallbearers.

To Dr. Newton, Dr. Wulchner and Dr. Mirza, we say a special thanks for their constant untiring effort and attention showed him. To the nurses for their love and care and the entire staff at Newton's Hospital.

Without faith and friends money experiences in life would be unbearable and empty.

With Sincere Gratitude  
The Family of  
Lloyd Ferguson

## LEGAL NOTICE

Do you have property that is now being rented by a satisfactory tenant? If so, Section 8 Housing Assistance has a program that would, in most cases, increase your earnings and at the same time decrease the actual cost of housing for your tenants.

The Section 8 Program is especially beneficial to elderly renters who receive Social Security or other retirement payments. It is also beneficial to property owners by making up the difference between what is a reasonable rent to low-income tenants and what is a fair return on the landlords investment.

If you have a tenant that is elderly, let us talk with you at your convenience and fully explain our program. Call our office between 8:00 & 5:00 any weekday and we will be happy to contact you and show you the many advantages we have to offer landlords in the Cameron area.
